# WORLD DUCATI WEEK 2020

ClutchDesmoTours.com

# Buongiorno!

As the official DUCATI Travel Partner in Europe, we at Clutch Desmo Tours, are especially excited about 2020 season! It is the year when Moto GP and SBK superstars, and their fans mingle at Misano World Circuit racetrack in Italy. This is where they will be surrounded by the sleekest and reddest new Ducatis, their accessories, and exhibitors galore. Yes, it is time for another World Ducati Week! We have prepared two tours with limited slots that revolve around WDW and a riding experience in the breathtaking vistas of the Italian and Swiss Alps. As WDW is an opportunity that happens only once every two years, for every "Ducatiista" it is time to make that special pilgrimage. Apply quickly.

As for other delights in 2020, our team has tailored in a few unique tours to go along with our tried and true, beloved classics.

Love towards an Italian icon - Ducati, goes well beyond the ordinary love of motorcycles. Ducati love is an appreciation for details and the finer things in life, it is a perpetual search for exclusivity and perfection and it can be easily described as a lifestyle. Nothing compliments the Ducati way of life better than fine dining, and with that in mind, Clutch Desmo Tours has created Desmo Gourmet Adventures. These epicurean exploits operate in two regions, Balkans and Central Europe. These areas burst with variety and flavor in their fresh, locally prepared dishes. Join us for a mouthwatering thrill ride!

# WORLD DUCATI WEEK 2020

## Alpine mountains road to WDW 2020

Riding along emerald lakes, through quaint little villages, tackling twisty mountain roads and mountain passes, all situated in the incredible landscapes of a **UNESCO** World Heritage Site, is what riding in the **Dolomites** is all about. This region is also known to have some of the highest paved roads in Italy and exhilarating rides with innumerable **sharp curves and switchbacks**.

This unique experience is about not only natural highlights, **Italian gourmet delights**, and magnificent riding, it is the path that leads to the pinnacle of Ducati experience, the one that makes you a part of the Ducati tribe – the World Ducati Week.

# WORLD DUCATI WEEK 2020

The **ALPINE MOUNTAIN ROADS** to World Ducati Week 2020 Experience **kicks off in Milan**, the world capital of high fashion, and continues to one of worlds' best-known lakes, Lake Como which is located at the foot of the mighty Dolomites.

After some warm-up curves, we will continue to **St. Moritz**, the number one alpine holiday destination in Switzerland. Continuing on our journey, we will traverse the most famous pass in the Alps, **Stelvio Pass**, an unforgettable rollercoaster ride of **75 hairpin turns** at 2 757 meters in altitude. Wow, what a ride!

The Italian experience would not be complete without a visit to the birthplace of Ducati Motorcycles in Bologna.

The highlight of our tour will be the World Ducati Week, the largest Ducati rally in the world, that brings together thousands of enthusiasts and welcomes all "Ducatistas" from all over the world, as one big family.

# DETAILS ARE IMPORTANT

---

After receiving many requests for WDW2020 tour from all over the world we decided to open two dates for the tour; one before and another after WDW. Tour A will start in Milan and finish at WDW, tour B will start with WDW and end in Milan. This way we can accommodate more riders from overseas to enjoy WDW and Ducati motorcycles. Our past experience shows that there are more requests for Ducati motorcycles than their availability during WDW.

For transfers between Milan and Rimini/Misano and reverse we will organize transportation depending on the package you choose.

Example:

WDW2020 happens from Friday to Sunday.

**Group A** will end riding on Friday, July 17th around noon. After hotel check in a free shuttle will be available for transfer to WDW event area. During the weekend there will be a free Clutch shuttle bus for all our clients between hotel-WDW-hotel. On Sunday our bus will depart at 14:00 from the hotel to Milan downtown for all those who will be heading back to Milan.

**Group B** will meet the bus in Milan downtown on Friday July 17th at 08:00 for the transfer to Rimini/Misano hotel. After hotel check in free shuttle will be available for transfers to WDW event area. During the weekend there will be free Clutch shuttle bus for all our clients between hotel-WDW-hotel. Saturday afternoon at 17:00 the group will gather at the hotel for the briefing and official start of the tour. After the briefing we'll continue with our welcome dinner. On Sunday morning the group B starts with riding.

# Tour Day by Day

Tour A (Tour B is reverse)

## **Day 1: Arrival Milan**

Meet Clutch Desmo Tours team for a welcome briefing at the hotel lobby at 3pm. Free time to explore Milan city center from the Duomo cathedral to Castello Sforzesco or enjoy shopping in the “Quadrilatero d’Oro” – one of the most famous shopping districts in the world. Discover the incredible diversity of heritage and history set within a modern, cosmopolitan way of life.

## **Day 2: Milan – Lake Como – St. Moritz (180 km / 110 mi)**

Lake Como has the shape of an inverted letter Y and comprises of romantic and quaint villages, colorful villas, gothic architecture, cobblestone streets, and striking landmarks. The magnificent scenery of Lake Como has enchanted artists and travelers for centuries and in recent years also celebrities like George Clooney or Madonna, who are regular holiday-makers in the region. The Swiss town of St. Moritz at 1 856 meters of altitude is the birthplace of Alpine winter tourism has hosted the Winter Olympics twice and is a cinematic backdrop for many movies, like James Bond in «The Spy Who Loved Me».

## **Day 3: St. Moritz – Bernina Pass – Stelvio Pass (180 km / 110 mi)**

Stilfs (Stelvio in Italian) province is a fascinating, beautiful and historic province on the border between Italy and Switzerland where three languages meet, Italian, German and Romanish. Riding the Stelvio Pass (2 758 m / 9050 ft) is a powerful, once in a lifetime experience for every motorcycle rider. It is Europe’s second-highest paved mountain pass which means it has snow at the summit for most of the year, a refreshing addition to the feeling that you have ridden something epic. Stelvio Pass consists of 75 narrow hairpins turns, 27 on the Bormio (west) side and 48 on the Trafoi (east) side, and these really make the climb so famous and challenging.

## **Day 4: Stelvio Pass – Arabba (180 km / 110 mi)**

Marvelous roads and thrilling mountain paths make the resort town of Arabba a beloved destination for every biker. Arabba is situated in, the geographical heart of the Dolomites UNESCO World Heritage Site. Spectacular and high alpine passes along alpine roads create dramatic ascents and descents that are made for enjoyment in motorcycling.

## **Day 5: Arabba – rest day**

On this day, you can roam around freely and explore the area with your Ducati, or can chill out and enjoy the Alpine paradise scenery.

## **Day 6: Arabba – Garda Lake (220 km / 135 mi)**

The view on the way from the mountains to the Garda Lake, a gem among European lakes, will always be crowded with stunning scenery of the passing towns and the crooked Dolomites making the drive well worth. Lake Garda boasts a diverse landscape, the shore is rugged, sometimes lined with pebble beaches or with rocky cliffs, with rolling hills and towering mountains behind.

## **Day 7: Garda Lake – Bologna – Ducati Factory (200 km / 125 mi)**

From Garda Lake, we ride to Bologna, where Ducati Headquarters and factory are situated, to make a tour of the factory and discover the magic in the assembly of motorcycles. Alongside the factory, a visit to the museum showcasing Ducati's illustrious history is a must.
